LATE ASSIGNMENTS ARE NOT GRADED!!

Remember that Assignment. How to study Linguistics is worth 10% (see continuous assessment grade - Planned Weekly Schedule (practical sessions)). **This assignment must be submitted through the Campus Virtual (section ‘Controles’).**

Answer the following questions:

**QUESTION 1** – Explain, using your own words, the two types of terminology you may find when trying to learn linguistics. Give an example for each (1 point).

**QUESTION 2** – Choose three terms (different from the ones covered in Workshop – How to study linguistics? Part II) from the following sources:

and build your own glossary with them (1 point).

**QUESTION 3** – Using analysis and synthesis, discuss the two pieces of advice introduced in Workshop – How to study linguistics? Part III and make a list of all books and other documents used so far in the course (1 point).

**QUESTION 4** – Explain and illustrate, using your own words, the differences between social conventions and linguistic judgements (Workshop – How to study linguistics? Part IV). Give reasons for your answer (2 points).

**QUESTION 5** – Explain, using your own words, the reasons why linguistics prefer the term ‘social conventions’ to the term ‘social rules’. Give reasons for your answer (2 point).

**QUESTION 6** – Reflect on the usefulness of this workshop (How to study linguistics?) in your own learning process. Give examples or describe situations from your own personal experience (3 points).
